

Black ABS Demo Counter (Code: PPCD-190-CGB)

Easy Set Up Instruction

(Please read before set up)

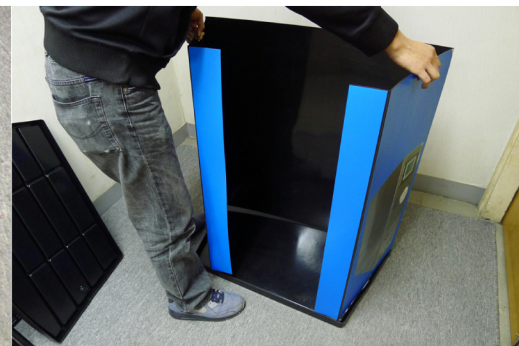

<http://www.prints-mart.com>

Step 1: Remove the components from the nylon bag.

Step 2: Place one of the larger size plastic on the floor with the raw edge facing upwards.

Step 3: Slot the wrap into the base unit carefully.

Step 4: Make sure the wrap is knocked well to the base unit into the hole on both sides.

Step 5: It should now look like this.

Step 6: Take the plastic shelf unit and slide down through the top of the wrap.

Step 7: Slot over the wrap with the remaining larger size plastic.

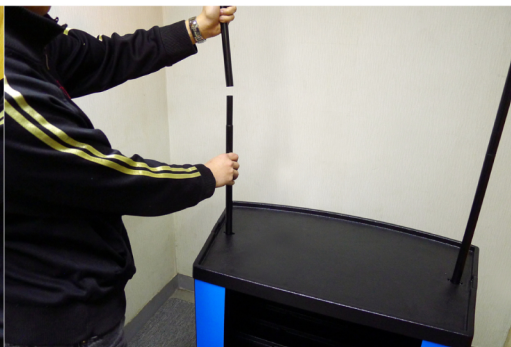

Step 8: Slot the 1st header supporting pole through the hole in the top unit. (All the way down to the middle shelf unit)

Step 9: Slot the 2nd header supporting pole to the other hole as well. (All the way down to the middle shelf unit)

Step 10: Extend the length of the 1st pole by joining with the 3rd pole.

Step 11: Extend the length of the 2nd pole by joining with the 4th pole.

Step 12: Attach the head panel to the poles and FINISH.
