Set Up

First, make sure no person, pet or inanimate object is standing or sitting within a seven foot radius when you open the carry bag. (The banner can pop- out and strike someone, or become damaged itself.)

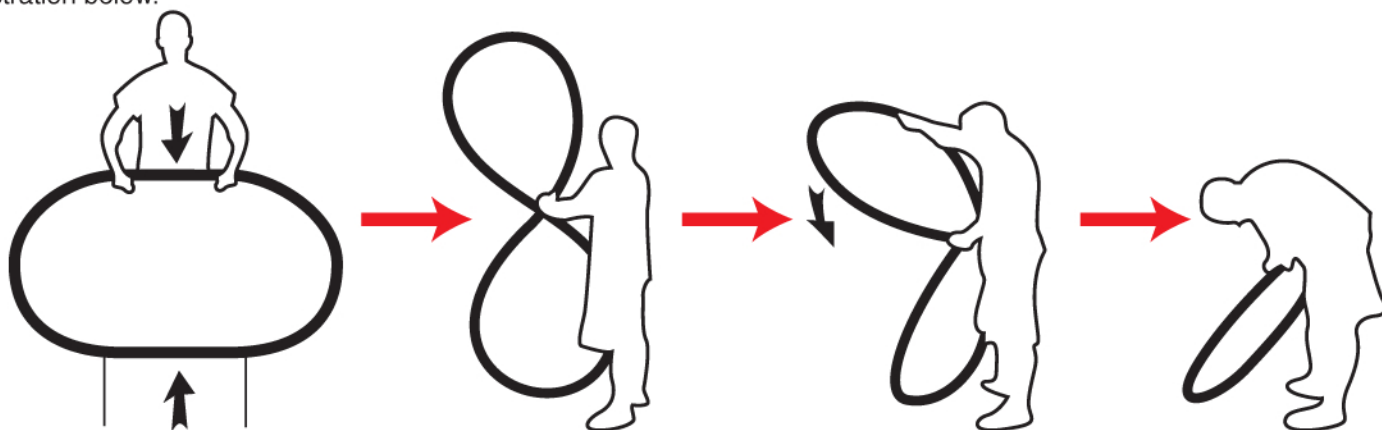

When removing the Pop Up A Banner from the bag, **BEWARE** as the frame is under pressure and will **POP OUT**. Fasten the separating legs using the velcroed ends.

If you are setting the banner up outdoors on a hard artificial surface (sidewalk, driveway, Astro turf, etc), you can secure the banner with a water bag filled with water or sand, or by using plastic bottles filled with the same. Indoors, the banner needn't be secured.

Take Down

Pull the pegs from the ground (or remove water bag/plastic bottles). Unfasten the Velcro distancing straps, then follow the illustration below.

CAUTION

Please **DO NOT** try to fold your banner in these ways or it may break your banner.
